COMMISSION STAFF'S SECOND INFORMATION REQUEST
TO MEADE COUNTY RURAL ELECTRIC COOPERATIVE CORPORATION

Pursuant to 807 KAR 5:001, Meade County Rural Electric Cooperative Corporation ("Meade") is to file with the Commission the original and 10 copies of the following information, with a copy to all parties of record. The information requested herein is due on or before May 18, 2011. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Meade shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though

correct when made, is now incorrect in any material respect. For any request to which Meade fails or refuses to furnish all or part of the requested information, Meade shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Refer to the electronic copies of Exhibit JDG-5 and the Loss Factor Schedule. Exhibit JDG-5 uses a line loss factor of 6.0038 percent. Provide the location of this factor in the Loss Factor Schedule.

2. Confirm that electronic schedules FAC and FAC Roll-in are unrelated to this proceeding.

3. Refer to Exhibit 7 of Meade's response to Commission Staff's First Information Request.

a. Refer to page 1 of 2. Meade uses the abbreviation "F(b)" in the Non-Fuel Adjustment Clause Purchased Power Adjustment ("Non-FAC PPA") formula. Given that this abbreviation is used in the formula in Schedule 18 of Meade's tariff, the Fuel Adjustment Clause, state whether Meade intended to use the abbreviation "PPA(b)" in the Non-FAC PPA formula instead of "F(b)".

b. Refer to page 2 of 2. The first sentence in the second paragraph provides a list of the rates to which Section 1 of the Non-FAC PPA rider would apply.

Meade's Rate Schedule 4, Large Power Service (1,000 KVA and Larger Time-of-Day) is not included in the list. State whether Schedule 4 is omitted because there are no customers on that schedule. If no, explain why Schedule 4 is omitted. If yes, explain why this rider should not apply to any future customers served under Schedule 4.

4. Provide the name of the newspaper or newspapers in which Meade County published notice of its proposed rate change.

5. Provide an affidavit of publication for each newspaper in which notice was published.
